All packing materials such as tape, plastic sheets, packaging locks, removable tags, cable ties and packaging screws are not part of this toy and should be discarded for your child's safety.

NOTE:

Please keep this parent's guide as it contains important information.

Unlock the Packaging Locks:

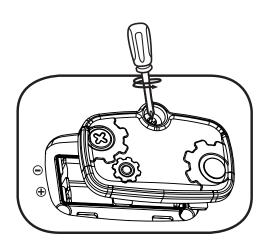

- 1 Rotate the packaging locks 90 degrees anticlockwise.
- 2 Pull out the packaging locks and discard.

GETTING STARTED

Battery Removal and Installation

- 1. Make sure the unit is turned Off.
- 2. Locate the battery cover on the bottom of the unit and use a screwdriver to loosen the screw and open the battery cover.
- Remove old batteries by pulling up on one end of each battery.
- Install 2 new AAA (AM-4/LR03) batteries following the diagram inside the battery box. (The use of new alkaline batteries is recommended for maximum performance).
- 5. Replace the battery cover and tighten the screw to secure.

BATTERY NOTICE

- Use new alkaline batteries or fully charged NI-MH (Nickel Metal-hydride) rechargeable batteries for best performance.
- Use only batteries of the same or equivalent type as recommended.
- Do not mix different types of batteries: alkaline, standard (carbon-zinc) or rechargeable, or new and used batteries.
- Do not use damaged batteries.
- Insert batteries with the correct polarity.
- Do not short-circuit the battery terminals.
- Remove exhausted batteries from the toy.
- Remove batteries during long periods of non-use.
- · Do not dispose of batteries in fire.
- · Do not charge non-rechargeable batteries.
- Remove rechargeable batteries from the toy before charging (if removable).
- Rechargeable batteries are only to be charged under adult supervision.

Disposal of batteries and product

The crossed-out wheelie bin symbols on products and batteries, or on their respective packaging, indicates they must not be disposed of in domestic waste as they contain substances that can be damaging to the environment and human health.

The chemical symbols Hg, Cd or Pb, where marked, indicate that the battery contains more than the specified value of mercury (Hg), cadmium (Cd) or lead (Pb) set out in Battery Directive (2006/66/EC). The solid bar indicates that the product was placed on the market after 13th August, 2005.

Help protect the environment by disposing of your product or batteries responsibly.

NOTE:

This product is in Try-Me mode in the packaging. After opening the package, turn the **Busy Learning Bot** off and on again to proceed with normal play. If the unit repeatedly powers down while playing, please install a new set of batteries.

CARE & MAINTENANCE

- 1. Keep the unit clean by wiping it with a slightly damp cloth.
- 2. Keep the unit out of direct sunlight and away from any direct heat sources.
- Remove the batteries when the unit will not be not in use for an extended period of time.
- 4. Do not drop the unit on hard surfaces and do not expose the unit to water or moisture.

TROUBLESHOOTING

If for some reason the unit stops working, please follow these steps:

- 1. Turn the unit Off.
- 2. Interrupt the power supply by removing the batteries.
- Let the unit stand for a few minutes, then replace the batteries.
- 4. Turn the unit back **On.** The unit should now be ready to use again.
- 5. If the unit still does not work, install a new set of batteries.

Environmental Phenomena

The unit may malfunction if subjected to radio-frequency interference. It should revert to normal operation when the interference stops. If not, it may become necessary to turn the power **Off** and back **On**, or remove and reinstall the batteries. In the unlikely event of an electrostatic discharge, the unit may malfunction and lose memory, requiring the user to reset the device by removing and reinstalling the batteries.
