Please note, blocks from sets in a different language have unique audio responses and cannot be used interchangeably.

## SING-ALONG SONG LYRICS

### Song 1

Learning is so fun to do,  
Numbers, letters, colors, clues!  
Come on let's go figure it out,  
With Blue and you!

## CARE & MAINTENANCE

1. Keep the unit clean by wiping it with a slightly damp cloth.
2. Keep the unit out of direct sunlight and away from any direct heat source.
3. Remove the batteries when the unit will not be in use for an extended period of time.
4. Do not drop the unit on hard surfaces and do not expose the unit to moisture or water.

# TROUBLESHOOTING

If for some reason the unit stops working or malfunctions, please follow these steps:

1. Please turn the unit **OFF**.
2. Interrupt the power supply by removing the batteries.
3. Let the unit stand for a few minutes, then replace the batteries.
4. Turn the unit **ON**. The unit will now be ready to use again.
5. If the unit still does not work, install a brand new set of batteries.

## **IMPORTANT NOTE:**

If the problem persists, please call our Consumer Services Department at **1-800-701-5327** in the U.S. or email [support@leapfrog.com](mailto:support@leapfrog.com). Creating and developing LeapFrog® products is accompanied by a responsibility that we take very seriously. We make every effort to ensure the accuracy of the information, which forms the value of our products. However, errors sometimes can occur. It is important for you to know that we stand behind our products and encourage you to contact us with any problems and/or suggestions you might have. A service representative will be happy to help you.

## Environmental phenomena

The unit may malfunction if subjected to radio-frequency interference. It should revert to normal operation when the interference stops. If not, it may become necessary to turn the power **OFF** and back **ON**, or remove and reinstall the batteries. In the unlikely event of an electrostatic discharge, the unit may malfunction and lose memory, requiring the user to reset the device by removing and reinstalling the batteries.

## Impact de l'environnement

Une défaillance de fonctionnement de l'appareil peut survenir s'il est sujet à des interférences avec les fréquences radioélectriques. Le fonctionnement normal de l'appareil devrait reprendre avec l'arrêt des interférences. Si ce n'est pas le cas, il peut s'avérer nécessaire d'éteindre et rallumer l'appareil ou de retirer et réinstaller les piles. Dans l'éventualité peu probable d'une décharge électrostatique, un mauvais fonctionnement et une perte de mémoire de l'appareil peuvent se produire. L'utilisateur doit alors retirer et réinstaller les piles pour réinitialiser l'appareil.

## NOTE:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

**Caution:** Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
