

Fall Farmer's Market Finds

The Learning Friends went on a field trip to a farmer's market. Rabbit, Owl, and Monkey each chose a different fruit or vegetable there. Read all three statements. Then match each character with the correct fruit or vegetable.

1. Rabbit chose something that does not grow on a tree.
2. Monkey chose a food that was not yellow.
3. Owl's choice was too heavy to carry. He put it in a wagon.
