Twist, roll, push, squeeze and spin until everything’s in order!

Learning Skills

Sequencing Skills
Children are challenged to put segments of a set in the correct order, which helps develop sequencing skills.

Motor Skills
Build fine motor skills by twisting, rolling, pushing, squeezing or spinning the five interactive buttons to activate the sounds.

Memory Skills
The FIX THE MIX!™ game can strengthen memory skills by challenging children to remember where the segments are hidden.

Learning Levels
Features three levels, which allow children to progress to more challenging curriculum as they acquire new skills and confidence.

Expand the learning fun! Collect them all.

Bop around!
Learn letters and letter sounds.

Listen, remember and match!
3 in a row wins.

LETTER CRAZY!™ Phonics Game
3–6 years

MATCH UP!™ Concentration Game
3–6 years

Twist & Spin!
Get the sequence right to win.

FIX THE MIX!™ Sequencing Game
3–6 years

In the third level, your child can continue to explore sequences that are increasingly complex. Each level tests a different skill in hearing and location. Level 1 requires your child to locate a single Fix-it sound and match it to the correct segment of the song or pattern. Your child must move the five Fix-its in the right order to win.

Troubleshooting

Type of problem: No charge

Try This

• Make sure the plug is correctly inserted in the OFF position
• Make sure cover is securely attached
• Make sure batteries still have power
• Make sure batteries are correctly installed

Type of problem: The CD/CDU will not work in the OFF position

Try This

• Clean battery contacts by rubbing lightly with a soft eraser and using cold water
• Make sure batteries are correctly installed
• Install new batteries

Type of problem: The toy makes improper responses

Try This

• Turn off the toy, then turn it back on and see if the problem persists
• Make sure batteries are correctly installed
• Install new batteries

Type of problem: The toy does not respond

Try This

• Make sure batteries are correctly installed
• Install new batteries

Type of problem: The toy makes repetitive responses

Try This

• Turn off the toy, then turn it back on and see if the problem persists
• Make sure batteries are correctly installed
• Install new batteries

Type of problem: A Return Merchandise Authorization (RMA) number to be accepted at our warehouse. If you need a Return Merchandise Authorization (RMA) number to be accepted at our warehouse. If you need a replacement part for this product, please contact LeapFrog Consumer Services.
