FCC Notice

This device complies with Part 15 of the FCC rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and

(2) This device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device pursuant to Part 15 of the FCC rules. These levels are designed to provide reasonable protection against harmful interference in a residential environment. Because this toy generates, uses and can radiate radio frequency energy, there can be no guarantee that interference will not occur. If this toy causes interference to radio or television reception (you can check this by turning the toy off and on while listening for the interference), one or more of the following measures may be useful:

- Reorient or relocate the receiving antenna.
- Increase the separation between the toy and the radio or the TV.
- Consult the dealer or an experienced TV or radio technician for help.

NOTE: Changes or modifications to this toy not expressly approved by the manufacturing, Inc., could void the user's authority to operate the equipment.

This Class B digital apparatus complies with Canadian ICES-003.

Cet appareil numérique de la classe B est conforme à la norme NMB-003 du Canada.
