

Putting Pandas on the Map

The Geo Team is flying over China looking for giant pandas. When they see one, draw it on the map (or mark it with a P).

1. Reggie Rover spots a panda at D-4.
2. Sara Sahara sees a panda at B-5.
3. Reggie sees another panda! It's at E-3.
4. Bonus: Reggie and Sara need to bring their map to the Wildlife Center. Where is it on the map grid? _____
