Before You Start

Before you begin your adventure, set the Odyssey Globe’s world clock.

1. Press the power button.
2. Turn the dial to “Time” and touch the globe with the Magic Pen.
3. Follow the instructions as the Odyssey Globe guides you.
4. First touch your home location on the globe with the Magic Pen.
5. Set the time using the Compass Rose, located on the globe in the North Atlantic Ocean. To set the hour, use the red arrow. Press the purple arrow when you hear the correct hour.
6. Once you have set the hour, set the minute and day of the week.
7. Press the orange circle to confirm the time settings.

Explore the World Using the Magic Pen

To begin your adventure, press the power button. Choose a fact category to learn different facts about the world or select a Europa Challenge game to test your knowledge.

Note: Whenever you touch the Odyssey Globe remember to use the Magic Pen. Never use a regular pen on your Odyssey Globe!

Learn Facts About the World!
The Odyssey Globe teaches the following facts:

- Location Names
- Capital
- Population
- Area
- High Point
- Money
- Music
- Time

To learn a fact about a specific region, turn the dial to the specific fact you want to learn. Next, touch the area you want to learn about with the Magic Pen to hear the fact. To learn additional facts about the same area, turn the dial to another fact.

Comparisons of different areas:
To compare the population and land area of two different places, turn the selection dial to “Comparison,” then touch the two locations you want to compare.

To learn the distance between two locations, turn the selection dial to “Distance,” then touch two points on the globe. The globe will also state the flying time between the selected locations.

While exploring with the Magic Pen the country or state you select may be too small for the Magic Pen to identify. When this happens, the Odyssey Globe will announce a series of possible countries or states and corresponding colors—“El Salvador, touch green, Nicaragua, touch yellow,” “turn to the globe’s Compass Rose, located in the North Atlantic Ocean, and touch the Magic Pen to the part of the Compass Rose (arrow or circle) that is the color of the area you would like to select. The Odyssey Globe will say the area’s name and the fact you selected.”

User Guide & Instructions
This guide contains important information. Please keep it for future reference.

Dear Parent,

We at LeapFrog know that you are your child’s most important teacher. Our goal is to help you build an environment for your child that is rich in experiences—one that encourages discovery and fosters learning success.

We have developed learning toys that are designed to teach fundamental skills such as math, language arts, science and social studies to Grade School students. Our products feature a hands-on, multi-sensory approach to learning. Children can see, hear, touch, and interact with our learning toys. The products are designed to adapt to the skill level of each child, and provide positive feedback that encourages children to explore and learn at their own pace.

LeapFrog learning toys are designed to grow alongside your child through each stage of development. All are made with the same playful spirit that promotes a lifelong love of learning. For additional information on how to make learning fun and effective, visit our Web site (www.leapfrog.com), where you’ll find tips from parents and educators. We hope you’ll join us there.

Sincerely,

Steve Källström
CEO
LeapFrog Enterprises, Inc.
Play the Eureka Challenge Game

Take the Eureka Challenge to test your geographic knowledge. You will be asked to locate a series of places around the world with limited amounts of time. These levels of difficulty make Eureka fun for everyone. Follow these simple steps to turn your phone into an Eureka game:

1. Download the app from the App Store or Google Play.
2. Choose a game level and select the country.
3. Begin the challenge by tapping the "Start" button.
4. Answer the questions as quickly as possible.
5. Score points for correct answers and lose points for incorrect answers.
6. Use hints if needed to complete the challenge.
7. Keep track of your score and try to improve it in future challenges.

Care and Maintenance
Keep the globe away from kids and beverages. To clean the globe, use a slightly damp cloth and mild soap. Air dry only. Never submerge the globe in water. Remove batteries for prolonged storage.

Battery Information
Batteries included in the in-store demonstration process only replace used batteries to improve performance.

Battery Safety:
Always replace the battery. Follow the polarity (+/-) guide in the battery compartment. Properly remove used batteries from the toy. Only batteries of the same or equivalent type as recommended are to be used. Do not mix new and old batteries or batteries of different types (e.g., alkaline and standard). Do not use rechargeable batteries. Do not mix alkaline, standard (carbon-zinc), or lithium batteries. Do not short-circuit the battery terminals.

Battery Installation:
Requires 4 "C" batteries (24 in some countries) alkaline batteries.

Return to Explore Mode
When you are finished playing, Eureka can be turned on and off by tapping the main button. The globe will turn automatically if it has not been used for a few minutes.

Volume Control
Volume can be adjusted on the menu that allows you to adjust the audio volume.

Automatic Shut-Off
When you are finished playing with your globe, press the power button. The globe will turn off automatically if it has not been used for a few minutes.

Secure relative to the wall:
Les piles sont des objets de petite taille. Le remplacement des piles doit être effectué par un adulte. Respectez les conditions de la fiche du service après-vente.

Troubleshooting:

- **ODYSSEY Smart Globe does not respond or does not work:** Remove batteries and put them back in. Make sure battery cover is correctly secured. Check battery contacts by rubbing lightly with a soft cloth and then wiping with a clean dry cloth. Install new batteries.

- **ODYSSEY Smart Globe makes strange sounds or behaviors:** Install new batteries.

- **ODYSSEY Smart Globe makes noise responses:** Install new batteries.
